

VREDO

Compact Series

The Vredo Compact Series seeder is an accurate and efficient range of disc seeders designed for overseeding golf greens & tees, sports pitches and other amenity grass. Seed is placed in a V-shaped slit, at a pre-set depth of between 5mm & 25mm deep, directly in contact with the soil for maximum germination rate. The slits are then closed by a compaction roller and a level surface re-established. There are four different widths available, to suit tractor overlap, all 3-point mounted behind compact tractors.

Specification

Model	DZ 210.075	DZ 214.075	DZ 218.075	DZ 222.075	DZ 225.075
Disc spacing	75mm	75mm	75mm	75mm	75mm
Working width	1.00m	1.40m	1.80m	2.20m	2.50m
Overall width	1.12m	1.52m	1.92m	2.32m	2.62m
Hopper capacity	100 litre	140 litre	180 litre	220 litre	250 litre
Weight (hopper empty)	565kg	765kg	888kg	1015kg	1,240kg
Tractor requirement	25hp	35hp	45hp	65hp	75hp
Operating speed	up to 15km / hr				
Options	Towing frame / weight carrier / weights
