

DAKOTA

D60 Box Scraper

Box scraper for construction & shaping. The D60 lightweight box scraper is designed for mounting behind bunker rakes. It is ideal for moving and shaping small volumes of material and for the final levelling of the surface.

Specification

Working width	1.50m
Approx weight	45kg

DAKOTA

Soil Movers

Dakota make a range of tractor towed soil movers for moving and levelling soil & sand. Ideal for landscaping, grading & shaping during the construction or repair work on golf courses, sports fields or other amenity sites. With ripper teeth fitted, more aggressive work can be carried out, such as breaking up compacted ground or pathways. Features include hydraulic height control, standard hydraulic two-way tilt on rear wheels (on 2.4m & 3.0m models only), hydraulically retractable ripper teeth & bolt-on straight edge. Available in three working widths. Can be adapted for laser levelling either single grade or dual grade.

Specification

Working widths	1206 = 1.8m wide 1208 = 2.4m wide 1210 = 3.0m wide	Tyres	2 x 26.5 -14 x 12
Ripping teeth	1206 = 6 hydraulically lifting teeth 1208 = 8 hydraulically lifting teeth 1210 = 12 hydraulically lifting ripper teeth
