

RAYCAM

Speedresser 24H

The Raycam Speedresser 24H is a 2.4m wide drop-spreader designed to handle all top dressing material. The 4 flotation tyres minimise the risk of turf damage & compaction. Ideal for golf courses & sports fields use, both with private clubs, local authorities and contractors. The Speedresser 24H requires a tractor of at least 75hp, and is PTO driven, via a heavy-duty transmission to an agitator and twin rollers. The twin rollers are now hydraulically adjustable against a pre-set stop to alter spreading rate applications. The high work rate enables the spreading of top dressings up to depths of 2mm - 75mm in one pass.

Specification

Spreading width	2.40m
Overall width	2.65m
Body Length	2.30m
Hopper Capacity	5.75m ³
Loading height	2.00m
Gross weight	9,250kg
Weight (unladen)	3,350kg
Tractor requirement	75hp +. Pick up hitch /drawbar & spool valve
Tyres	44 x Flotation tyres - 15.5 x 14ply
Operating speed	Up to 12mph (18kph)
