ALLTREC

Alltrec 4810T Tool Carrier

The Alltrec Tool carrier is a versatile machine that can be used with several different attachments, making it perfect for cutting grass, controlling weeds, brushing or cleaning. It has no CO₂-emission and distinguishes itself through the minimal sound it produces. The large action-radius and low operation & maintenance costs make the tool carrier particularly suitable for use in multi-use sports complexes, urban areas, campsites, holiday resorts and theme parks.

100% Electric

Low Operating Costs

Low Noise

Low Maintenance

Zero Emission

Technical specifications
