

CAMPEY™

Innovative machinery designed by turf care experts for turf care experts

“The pursuit of innovation is far more satisfying and rewarding than merely trying to replicate what others have done ”

Richard Campey - Chairman

CAMPEY™

Honest, practical turf care experts

Richard Campey detected an untapped market need. He realised that there was a role for a specialist supplier of high quality purpose built equipment that would enable turf managers to meet the increased demands placed on modern sports turf surfaces.

Perfecting Play™

CAMPEY™

Aeraseeder

The Campey™ Aeraseeders are a range of heavy-duty '2-in-1' overseeders designed for overseeding greens, tees, sports fields & other similar fine turf surfaces, with minimal disruption to the existing sward.

The unique angled coned rollers produce approx 1750 holes per sq. metre, and the rear mounted brush ensures that seed is swept into the holes created by the coned roller. The hopper has an internal agitator to ensure a smooth seed flow and a floating headstock ensures good contour following. Available in 2 working widths. The Aeraseeder can be supplied coned/coned or coned/flat roller.

CAMPEY™

Core Collector

The Campey 'Core Collector' is an accessory that can save you time and labour costs, when core removal is necessary after aeration. As your aerator is operating, the Core Collector picks up, contains & moves the cores to the collar, and when lifted to make the next pass the cores are deposited on the collar. The Core Collector can be mounted in a matter of minutes on walk behind & tractor drawn aerators. Removal is just as simple and can be stored easily with virtually no maintenance required.

CAMPEY™

Dragmats

The CAMPEY™ Dragmats come in a variety of different sizes and are available in heavy-duty reinforced rubber or steel construction. Dragmats are ideal for rubbing-in top dressings, dew and clippings dispersal. Small mats can be hand-pulled, while the wider units are more suited to towing on the optional 3-point frame. Available in 4 different widths, and 2 different thicknesses (rubber) for a variety of different handling applications and tasks.

CAMPEY™

Front Mounted Brush for Pedestrian Rotary Mowers

Designed for fitting to Honda, Kaaz and
Lawnflite pedestrian rotary mowers

CAMPEY™

Hand Drag Brush

Heavy-duty hand drag brush for brushing in top dressing, removal of dew and for brushing and levelling hard porous areas, as well as for use on sand filled synthetic surfaces.

CAMPEY™

LineMarker

LM3010 / LM3012

The CAMPEY™ LM3010 / LM3012 is a simple, durable and easy to operate liquid transfer line marker. Marking material is transferred from the 30ltr hopper to the 10cm or 12cm wide marking wheel by a grooved rubber roller, giving even, accurate lines. Features adjustable, tubular steel handles, pneumatic tyres and has an adjustable flow rate. Front roller allows marking up to post or flag. Recommended marking materials include propriety marking paints, emulsion paint, etc. Always check marking materials comply with H.S.E guidelines for sports field use.

CAMPEY™

Rake O Rotor

The Rake O Rotor is a bi-directional 2-speed rotor allowing for operation in both directions. Featuring a 25 degree angle and 28 degree tilt for ease in swaling and ditching. Oscillating gauge wheels lock in level position for the 3-point hitch use. Dual motor design delivers 40% more power & elimination of outside bearings and chains. The Rake O Rotor also features a floating rotor design, increased durability with carbide teeth, ditch cutters & side shields. The Rake O Rotor can be used on a 3-point hitch or skid steer hitch systems.

CAMPEY™

SLG-78VF Soil Screener

The SLG-78VF is a portable vibratory soil screener, powered by a 110v electric motor to give vibratory screen action and is designed for loading with tractor buckets or skid-steer loaders of up to 78" wide - adjustable screen angle and flow rate. Capable of recycling and screening sand, soil, gravel and various other materials, it is suitable for golf-course, sports field and municipal use. Its high mobility means it can easily be moved around a site. Standard screen size is 19mm, with additional screen sizes available as options.

CAMPEY™

TPC Easy Load Trailer

The CAMPEY™ TPC Easy Load trailer is ideal for transporting the Toro Procore 648 around to wherever it's being used. The Procore can be loaded with swath boards, with or without a core collector fitted. The fully galvanised trailer, complete with 50mm ball or clevis drawbar and a locking mechanism, makes for safe, easy transportation (travelling up to 15mph/25kph), with a ratchet strap fitted over the front wheel to secure it.

CAMPEY™

Easy-Load Trailer

Specialist easy-load trailer for transporting machinery on roads and across turf areas. Designed to transport the Air2G2, it will also accommodate other popular turf machinery like the Toro Procore, John Deere Aeracore, and small ride-on mowers. Fully road worthy, with brakes & lighting, the tail-board ramp lowers to allow safe and easy loading, & the tie-downs supplied will secure machinery in place. Supplied with spare wheel.

CAMPEY™

Speedresser™ 18H

The Campey™ SPEEDRESSER™ 18H is a bulk drop-spreader designed to handle all top dressing materials. The 4 flotation tyres on pivoting axle minimise the risk of turf damage and compaction. Ideal for golf courses and sports fields use, both with private clubs, local authorities and contractors. The SPEEDRESSER™ 18H requires a tractor of at least 30hp, and is driven hydraulically from the tractor via an agitator and twin rollers. The high work rate enables the spreading of dressings up to depths of 2mm-75mm in one pass.

CAMPEY™

Speedresser™ 24H

The Campey™ SPEEDRESSER™ 24H is a 2.4m wide drop-spreader designed to handle all top dressing material. The 4 flotation tyres minimise the risk of turf damage and compaction. Ideal for golf courses and sports fields use, both with private clubs, local authorities and contractors. The SPEEDRESSER™ 24H requires a tractor of at least 75hp, and is PTO driven, via a heavy-duty transmission to an agitator and twin rollers. The twin rollers are now hydraulically adjustable against a pre-set stop to alter spreading rate applications. The high work rate enables the spreading of top dressings up to depths of 2mm-75mm in one pass.

CAMPEY™

Synthoflex Brush

A 3-point linkage mounted brush suitable for compact tractors of 15hp. All galvanised / plastic construction, stiffness of bristles can be easily altered by adjusting the plastic stiffening board. For regular use on all artificial surfaces, stands up pile and helps to level rubber crumb.

CAMPEY™

Triangle Brush

A tractor mounted Triangle Brush which is ideal for standing up the pile, brushing surface infill to an even level finish and eye-catching presentation.

CAMPEY™

TB 220 Brush

The Campey™ TB 220 is a heavy-duty, but lightweight, towed brush system for brushing in top-dressing on greens and other fine turf surfaces. The brush unit is free-floating and has the option to lock-out either the front or rear brush as required. Other features include, 7 quick and accurate brush height adjustments, quick attachment, adjustable hitch height, sealed chain guards and integrated vertical storage facility. The Campey™ TB 220 has a 2 year limited warranty.

CAMPEY™

Triple V Brush

The CAMPEY™ Triple V Brush is a tractor mounted implement for brushing in top dressing removing worm cast, standing up grass prior to mowing and general presentation on natural turf.

The Campey™ V Brush is also suitable for use on sand-filled and 3G synthetic pitches for taking out scuffs and footprints, re-distributing infill and promoting a vertical sward. The reversible mounting frame enables the V Brush to be mounted on the rear or front linkage on tractors of 18hp and above. Individual brush sections can easily be replaced when worn.

CAMPEY™

Sportsfield Harrow

The CAMPEY™ Sportsfield Harrow is a tractor mounted implement for aggressive surface grooming. It can be used on turf, for standing prone grasses, dragging out dead or dying organic matter, or creating a tilth prior to seeding. The Campey™ Sportsfield Harrow also has an application for grooming on hard porous surfaces and is also ideal for gravel paths where regular use will prevent the accumulation of moss and algae. This 3-point linkage model can be mounted on all compact tractors of around 25hp and above.

CAMPEY™

Uni-Scratch

The Campey™ Uni-Scratch is the ideal solution for those looking for professional and effective maintenance of natural and synthetic grass surface.

The Campey™ Uni-Scratch has been developed to infill or refill when installing or looking after synthetic grass carpets. It can also be used for the final organic matter removal on natural grass hybrid carpet pitches when carrying out annual renovations.

The Uni-Scratch moves on 4 supporting rollers which are adjustable in height to allow the most appropriate working depth. The rotors can be equipped with springs or linear brushes in PPL. Rear linkage to tractors of at least 30hp.

CAMPEY™

Uni-Brush

Campey™ Uni-Brush Front Sweeper has been developed to fit tractors from 18hp to 60hp. The compact design improves the handling to guarantee fast and accurate work in any conditions.

The Campey™ Uni-Brush Front Sweeper is equipped with roller brushes, suitable for snow removal, dirt and debris removal on driveways. Extremely versatile for any kind of work, the right tool for cleaning driveways, service areas, parking lots, yards and snow removal.

The gearbox features fully hardened steel gears and ball bearings in oil bath enclosed in a cast-iron housing, and the double-chain secondary transmission reduce maintenance to a simple periodic check of the oil level and brush wear.

CAMPEY™

UniRake

The Campey™ UNIRAKE™ is designed for and by leading groundsmen to accurately maintain natural and synthetic grass including hybrid surfaces. The Campey™ UNIRAKE™ offers high intensity grooming that can be calibrated in its severity.

“ We looked to the UniRake to improve our maintenance operation on the Desso constructed pitches and to take some of the weaker grasses out. This is because the pitches get quite thick before the end of the season, but we also use it during the renovation as well, and It's been a huge success for us.

Andy Jackson,

Head Groundsman, Stoke City Football Club
