

CAMPEY™

Rake O Rotor

The Rake O Rotor is a bi-directional 2-speed rotor allowing for operation in both directions, featuring a 25-degree angle and 28-degree tilt for ease in swaling and ditching. Oscillating gauge wheels lock in a level position for 3 point hitch use for reliable operation, and the dual-motor design delivers 40% more power whilst eliminating the need for outside bearings and chains. The Rake O Rotor also features a floating rotor design and increased durability with carbide teeth, ditch cutters and side shield. The Rake O Rotor can be used on a 3 point hitch or a skid steer hitch system.

Specification

| | |
|---------------|-------------|
| Working width | 1.8m (72") |
| Width | 2.0m (80") |
| Height | 0.75m (30") |
| Weight | 500kgs |
| Drum speed | 0-600rpm |

Campey supply market leading, innovative turf care machinery worldwide, we're continually researching new techniques and refining existing practices to help turf care professionals achieve perfection.
